want the repository shut down

- Bunker Hill, National Academy of Science against the repository native land, is

Ed Moorcen → said the repository is cleaning out of the contamination

Showed pictures on the wetlands

→ want the repository shut down, dredging

→ showed the riverbank

- dredging out the riverbank as part of the concensus, not a cap on the repository,

say its not a cleanup,

CERCLA ~~needs~~ discussed how the dirt's in the yard

B asked when is the final ROD?

B → there is recontamination in yards that have been cleaned up 1500 part per million

Interior halves have lead in them, never been addressed

children blood screening → in Silver Valley its \$130.00

to pay children to come in, health department is not doing follow up

5600 medicare eligible children should have had their blood tested.

say the Basin said on 5-6 children have ^{elevated} blood lead levels

- Children unlead program
consentment about state testing children judge ruled
to start testing the children.
SCLR implemented the law, w/ 3 families, 3rd gen to
never heard of the blood lead elevation
 - . 3-5 had elevated blood levels
 - . removed the children from a lesser leaded home, continue
to monitor
 - . did nutrition and follow up w/ children to
- * Ask for funding for the community. citizens
survey responded to unfavorable,
feel the effort is demoralized,
when they contact stat. Agencies, they feel they are
heard.
- community involvement EPA take advantage to get federal funds
w/ Basin Committee the work are being demoralized,
staff are being contacted, SVCC not being
contacted for meetings

Profanity from EPA Staff

Dennis asking for Shelly to look @ every sit
